Winter 2012 **Issue 31**

MESSAGE FROM THE DEAN

What an exciting time, nursing has the opportunity to step up and make the difference as we move to improved primary care, preventions and management of chronic illness. Who is better positioned for this than the advanced practice nurse. Through administration, the nurse practitioner role, and nurse educator coupled with the added knowledge of the Doctor of Nursing Practice Madonna, Nursing has worked to insure that the graduate program prepares nurses for where nursing is going, not just where it has been.

You likely saw this picture of our first DNP graduates and indeed we have had a few others complete their program since last May. Each with their own focus, we look forward to their influencing nursing education, administration and practice for years to come.

The nursing program is gearing up for our **fiftieth anniversary**. 2012 marks 50 years of baccalaureate nursing education, it also marks the 30th anniversary of the graduate nursing program which in 1982 received the Higher Learning Commission's approval to offer the MSA, a masters in nursing specialty administration. This changed to the MSN in 1987 twenty–five years ago. We are looking for alum interested in working on meaningful events for all in the next year. If you would like to offer to be on the committee please let me know. Look for some *Save the Date* information after the first of the year.

Finally, I would like to extend my appreciation for all who have supported the program at all levels. We have an exciting expansion to share, which of course could use additional support. We will be opening a new nursing laboratory on the main campus during the winter semester. It will include 5 simulation rooms as well as a skills practice area. We already have one SimMan® and Noelle®, the birthing mother, and baby Hal; in addition we have two other lower fidelity simulators. We want to bring the advantages of simulation to the undergraduate and graduate programs. We will retain one lab in the DiPonio building for the Nurse Practitioner program. We are particularly grateful to the Sinai Medical Staff Foundation and the Michigan Nursing Corps for their grants to start expand our simulation technology to this level.

Best wishes,

Teresa L. Thompson PhD RN CRRN
Dean and Professor

GRADUATE CHAIR'S REMARKS

Please join me in celebrating a year of great growth in Madonna's graduate nursing program. Enrollments are at an all-time high as nurses ready themselves with advanced degrees to assume increasingly complex leadership and clinical roles in our changing health care system. Growth in our graduate program has allowed the evolution of our administrative structure to include separate Program Directors for the Nurse Practitioner and Nursing Administration Specialties. Please join me in welcoming Dr. Deborah Dunn and Dr. Phyllis Brenner to these new roles. I will continue to direct the Doctor of Nursing Practice program and serve as overall Chair of the nursing graduate program. Through these administrative changes we hope to provide more specialized and efficient administrative processes as you progress through the program.

Department of Nursing ♦ Grad Tidings Newsletter

Winter 2012 **Issue 31**

As the winter semester approaches, I want to invite you to save the date for our annual "fireside chat" in which graduate faculty and students gather one evening in February over a light supper to hear a speaker and to discuss issues related to graduate nursing education. This year's date is Tuesday, February 21, 2012. More details will follow. I hope that you are finding time to achieve your personal goals, and to reflect on the gains in professional development that you have experienced this year through graduate study.

On a personal note, I want to share with you that over the past 7 months I have been struggling with a family crisis of epic proportions. My 29-year old daughter, Janet Rose O'Connor was diagnosed with colon cancer –stage 4. She passed away on Thursday, December 8th. It has been a painful and anguishing journey for our family. We have been sustained by the prayers and support of this community and are grateful for your presence, prayers, and compassion.

Thanks for being an integral part of the Madonna University community of scholars.

Sincerely,

Nancy O'Connor, PhD, ANP-BC
Professor and Chair
Nursing Graduate Program

ADMINISTRATIVE & NURSE PRACTITIONER PROGRAM DIRECTORS MESSAGE

What an exciting time to be in a graduate nursing education program! As showcased in the RWJ/IOM report entitled *The Future of Nursing: Leading change, advancing health* and the Carnegie Foundation report by Benner et al. entitled *Educating Nurses*, enrollments are up in Nurse Practitioner and Doctor of Nursing Practice programs nationally, and Madonna University, is no exception to this trend. Well, maybe little exception, as our nursing administration numbers are also up with more students choosing the dual MSN/MBA program! We have over 350 active graduate students, making our graduate program one of the largest on campus!

As Program Directors it is our pleasure to work with Dr. Nancy O'Connor, Chair of Nursing Graduate Programs, to administer graduate programs in the College of Nursing and Health. Our responsibilities include, working with students from entrance interviews into the graduate nursing program specialties through graduation and application for certification and licensure.

The Program Directors also lead program curriculum review and revision, program evaluation initiatives, and issues of course scheduling. Students interact directly with the program directors for application to programs, requests to change program within the department, and completion of applications for graduation. Please also note that we depend on you working closely with your respective faculty advisor. Please keep your plans of study updated with your advisors.

Through these administrative duties, we are committed to continue the excellence in education that the College of Nursing is so noted for and look forward to fostering your individual academic success as you pursue your career goals in nursing at Madonna University.
We wish you joy in the upcoming holidays and a pleasant break

between semesters and that you find some special time to spend with family and friends.
Dr. Phyllis Brenner and Dr. Deborah Dunn

ANNOUNCEMENTS

Congratulations to both the ANP and ACNP graduates of 2011 for achieving a 100% passing rate on national certifications. We are very proud of you!

Welcome to our new faculty **Angela Donovan, Melanie Keiffer, Deb Johnson, Jennifer Rohrborn, and Sue Sirianni** for their commitment to the Graduate course: NUR 5250, 5300, 6500, 6510, 6570, and 6571.

Save the Date

The annual **Fireside Chat** will be hosted in the DiPonio Building on February 21st,2012. This is an open forum to exchange ideas with student colleagues and faculty.
The **2nd Annual Research Day** is scheduled for Friday, April 27th, 2012. Please come for professional dialogue and collegiality. Contact hours will be offered for this event.

STUDENT NEWS & ACCOMPLISHMENTS

The following students and graduates represented Madonna University at the 1st Annual Nursing Research Day: *Transforming Practice through Quality Initiatives on* April 8, 2011.

The Impact of Mindfulness Meditation in Promoting a Culture of Safety on an Acute Psychiatric Unit: **Stephanie Brady, DNP, PMHCNS, BC**

The Impact of Relational Cueing in Moving Toward a Culture of Care: A Practice Improvement Initiative: **Rosemary Lowry, DNP, APN-BC**

Identifying the Barriers to Use of Standardized Nursing Language in the Electronic Health Record by the Ambulatory Care Nurse Practitioner*:* **Diane Conrad, DNP, FNP-C**

Exploring the Cost and Clinical Outcomes of Integrating the Registered Nurse-Certified Diabetes Educator in the Patient-Centered Medical Home: **Roseanne Burson, DNP, BC-ACNS, CDE and Katherine Moran, DNP, MSN, CDE**

Using Clinical Microsystem Concepts and Resources to Facilitate Unit-Based Process Improvement and Quality Outcomes: **Ondrea Bates, MS, RN, NEA-BC**

Anxiety Assessment and Sedation Vacation in Mechanically Ventilated Patients: **Patricia Clark, Sommer Eagle, Lois Larson, Elizabeth McDowell, Maria Palleschi, & Sue Sirianni**

Utilizing an Electronic Alert to Identify and Improve care of the Septic Patient: **Sue Sirianni & Maria Pallesch**

Demonstration of an Academic and Service Partnership for Transforming Service Through "Bubbling Up" to Improve the Process of Communicating Open-Heart Surgery Patients' Actual, Accurate Weights and to Inform Graduate Curricula Modifications: Phyllis S. Brenner, **Ondrea Bates, Tammy Proffitt, Kyra Hannawi, & Amanda Sedlik**

Prenatal Breastfeeding Education: **Jennifer Palace & Kari Haefner**

Intrapartum Fetal Surveillance: A Systematic Review of Evidence for Current Practice and Future Research: **Lori Glenn**

Antibiotics are Not Cough Medicine: Avoidance of Antibiotic Treatment in Adults with Acute Bronchitis**:** **Robin Fowler**

Department of Nursing ♦ Grad Tidings Newsletter

Winter 2012 **Issue 31**

Unit-based Flu Fighters as a Strategy to Boost Influenza Vaccination in Health Care Workers. **Deborah Johnson**

Urinary Tract Infections: Are they Diagnosed and Treated Correctly Through Telephone Nurse Triage? **Stephanie Bensch**

Evaluation of Documentation Processes in Obtaining Informed Consent for Non-Emergent Procedures. **Brooke Christofferson**

The Primary Care Provider's Role in the Adherence to National Cervical Cancer Screening Guidelines in Underinsured Women **Kristin Work**

Colorectal Cancer Screening. **Helen Burns**

Initiating a Bowel Protocol When Prescribing Scheduled Opioids in the Hospice Setting. **Stephanie Horanic**

How Distressed Are You? Psychosocial Care of the Oncology Patient. **Tracie Donigian**

Acute to Extended Transition Care and Honoring Patients' Care Wishes: How Are We Doing? **Donna Brennan**

The Effect of Educational Interventions of Prostate Cancer Screening Participation. **Alisa Smith**

Interventions for Hypertension in African American Women. **Angela Allen**

Erectile Dysfunction in Men with Chronic Health Problems. **Rachelle Grey**

The Relationship Between the Nutritional Status of the Patient and the Ability to Wean From Long Term Mechanical Ventilation. **Holly Wuest**

Sleep Deprivation in Critically Ill Adults. **Patricia Clark**

Evaluation of Mobility and Length of Hospital Stay in Mechanically Ventilated Patients. **Robin Wawersik**

Evidence –Based Guidelines to Reduce Cardiac Risks in Patients with Type 2 Diabetes. **Kathleen Isley**

Medication Reconciliation in the Hematology Clinic. **Aurica Lucaciu**

Evaluating Propofol During Cardioversion for Hemodynamic Instability. **Melissa Mack**

A Continuous Quality Improvement Related to Use of ACEI and ARB in Diabetes Mellitus. **Clarita Palaganas**

Reducing Cardiovascular Disease Risk in Ambulatory Patients with Diabetes. **Samantha Garmo**

Adherence to Best Practice Guidelines for Medication Treatment and Self-Management Education in Patients with Systolic Heart Failure. **Maria Puscas**

Preoperative Prophylaxis and/or Treatment of Urinary Tract Infection in Urology. **Danielle Guerin**

Congratulations to our Graduates

ALUMNI NEWS & ACCOMPLISHMENTS

Maria Palleschi & **Susan Sirianni** presented a poster at the DNP conference in Sept 2011 in New Orleans: *An Interprofessional Approach to Sepsis Care.*

Rosanne Burson and **Katherine Moran** (DNP graduates 2011) along with MU faculty **John Critchett and Phillip Olla** published, *Exploring the Cost and Clinical Outcomes of Integrating the Registered Nurse-Certified Diabetes Educator Into the Patient-Centered Medical Home,* The Diabetes Educator, 2011 37: 780

Diane Conrad, DNP graduate 2011, was honored at the 16th Annual Celebrate Women Conference. Diane is the President of Conrad Health Consultants, P.C. specializing in health education and consulting.

Rosemary Lowery, DNP graduate 2011, presented at the Sigma Theta Tau Kappa Iota Chapter, 2011 Annual Dinner and Silent Auction *"Generational Attributes Of Peers and Patient".*

Denise Robinson, MSN/MBA graduate, will join the Nurse Executive Team as Nursing Administrator for Division III at Henry Ford Hospital. Denise's area of responsibility will include all general and specialty medical units.

Deborah Turner, ANP graduate, received the NP Student Scholarship Award from the GAPNA-Great Lakes Chapter.

Lisa Zajac, ANP graduate, Informatics Nursing Specialist for Karmanos, presented *"Maintaining Data Integrity in a Hybrid State of Nursing Documentation"* at the 2011 Cerner Health Conference.

Editors Note:

The faculty treasure each and every one of our students and alumni. It is because of your commitment to change the way health care is delivered, that we constantly strive to provide you with the essential theory, most recent evidenced-based practice guidelines, and the necessary skill set needed in today's dynamic health care system.

Grad Tidings was established to provide a forum for professional exchange. Thus, we want to hear from you. Please submit your new appointments, presentations, publications, and community service to tjamison@madonna.edu.

A special thank you to Patricia Lovelace for formatting this and prior editions of Grad Tidings.
