ANNUAL AMOUNT

Beginning with the 2003-2004 academic year, the Federal Government implemented a new Federal Plus Loan Application and Master Promissory Note (PLUS MPN). The PLUS MPN is designed for a parent borrower to use as a multi-year note for each dependent student. Under this new process, a parent borrower will sign a PLUS MPN only once, at the time the parent first borrows for that dependent student. The parent may then obtain additional loans for that same dependent based on that signed MPN, either during the same academic year or in subsequent years. Each loan received under a PLUS MPN is a separate and distinct loan, but will be part of the same loan portfolio. The terms (interest rate, fees) applicable to each loan are dependent on the terms in effect at the time each loan is made.
