

## 15-16 Madonna University Completer Survey Data

	The professional education sequence (EDU 2000, EDU 3120, EDU 3300, EDU literacy courses, EDU 4500, EDU 4800 and student teaching) of courses adequately prepared me for the classroom.	The Teacher Education Program encouraged me to reflect and think critically about teaching and learning.	The Teacher Education Program prepared me to regularly engage my students in critical thinking and learning practices.	The depth and breadth of courses in my content major prepared me for highly effective teaching of the content.	The depth and breadth of courses in my content minor or elementary planned program prepared me for highly effective teaching of the content (if no minor, than skip this question).	The field experiences gave me a sufficient range of exposure to classrooms prior to student teaching.	After I completed student teaching, I felt competent to assume responsibility for a classroom.	The Teacher Preparation Program prepared me to positively impact student growth and learner progress.	The Teacher Preparation Program prepared me to effectively assess (formative and summative) and use this information to guide my pedagogical strategies.
