SDE – STAFF DEVELOPMENT FOR EDUCATORS

Michigan teachers have the option of applying for SB-CEUs or graduate credit for SDE's training seminars, conferences and online classes. Educators in other states may apply for graduate credit for the SDE offerings. Complete information on program offerings can be found at:

<http://www.sde.com/browse-events.asp>.

SDE Seminars and Conferences at Your Location (not online classes):

SB-CEUs – Michigan Only:

Michigan SB-CEUs are available for pre-approved offerings. Details on Michigan SB-CEUs will be distributed by SDE's representative at the actual training program.

Graduate Credit:

- Participants in the SDE professional development seminars and conferences may earn graduate credit for attending the sessions and writing a reflective paper about the experience. The template for the paper is located on our website, <http://www.madonna.edu/pdp>, under "PDP Forms."
- One graduate credit may be earned for every 15 contact hours of professional development training. You may combine different training sessions and topics to obtain the 15 hours. For example, if you attend a one-day SDE workshop (generally about 5 contact hours of training), you can add those training hours to other PD time you attend to reach the 15 hours necessary for the one graduate credit. A reflective essay is required describing how you might apply the knowledge in your work position.
- You must submit a copy of your SDE certificate of completion, along with your reflective essay, to the Madonna PDP office to receive credit. Please see "[Basic Program Information](#)" for paper requirements, due dates, and our mailing address.
