## University Undergraduate Profile

### About Madonna University

Founded in 1937 by the Felician Sisters of Livonia, Madonna University continues to live by its motto: **Your Success is Our Greatest Achievement.** At Madonna University, we focus on preparing our students to be productive and active members of society Intellectually, Spiritually, and Personally. Our rigorous academic programs taught by professional faculty ensure that our students excel in their selected fields.

### Affordable Education

Our yearly tuition is half the national average for similar universities. We also provide financial assistance to admitted students who merit scholarships, and/or whose personal and family resources are inadequate to meet their educational costs, including:

- Merit Scholarships & Grants
- Endowed Scholarships
- Student Loans
- Federal Aid Programs
- Michigan Aid Programs
- Work-study

### Mission Statement

The mission of Madonna University, a Catholic and Franciscan institution of higher learning, is to instill in its students Christian humanistic values, intellectual inquiry, a respect for diversity, and a commitment to serving others through a liberal arts education, integrated with career preparation and based on the truths and principles recognized within a Catholic tradition.

Madonna's mission receives its spirit from these Franciscan Values:

- Respect for the dignity of each person
- Peace and justice
- Education for truth and service
- Reverence for creation

## Think Liberal Arts

We acknowledge that growing intellectually means understanding a global and diverse world; appreciation of the arts, literature, faith, and humanities, while gaining insights into modern concepts of science, technology, and mathematics. Our foundation in the liberal arts means students gain the critical thinking, writing, and communication skills needed to succeed—regardless of career path.

## Think Green

In keeping with the university mission, the Franciscan Center for science and media is Livonia's first Leadership in Energy and Environmental Design (LEED) certified "green" building. This state-of-the-art facility will provide Madonna University students with laboratories for faculty/student research and modern production facilities that meet the highly technical demands of the broadcast and cinema arts program.

## Think Global

From South America to Europe, to Australia or China, let Madonna University be your passport to success by enriching your educational experience with a semester or year abroad. We can initiate arrangements almost anywhere you wish to study.

## Think Passion...Think Career

Through Madonna's academic programs, you will be exposed to great educational traditions: the liberal arts, career preparation, and service-learning within a student-centered learning community. These traditions are the foundation for building skills that employers seek when hiring, and ultimately turning your passion into a career. Our students engage in real-life experiences provided by co-ops, internships, or practicums included in their academic program.
