

Catholic Leadership Award

The Catholic Leadership Award is a unique scholarship given by Madonna University to help practicing Catholics increase their faith by evangelizing on campus and in the community while receiving a generous award to go toward the cost of schooling. The award is made with the belief that recipients will be a beacon of faith and commitment here at Madonna University. Further details may be obtained from the Campus Ministry Office.

It is the hope of those who so generously donated to this fund that it will further the Word of Christ, in faith and action, at Madonna University. This gift is expected to keep giving.

In general, this award is relative to Pope John Paul II's call for the Third Millennium to be a time for evangelization, and your answer to this call can be fulfilled through the ministry we do here. The goal for each Campus Minister is to not only learn through service to others, but also through spiritual growth. So, come and join us in spreading the love of Christ, while at the same time receiving significant financial support for your studies!

General Eligibility Requirements

- Practice of the Catholic faith
- Full time student
- Regular attendance at monthly Campus Ministry meetings
- Active participation in at least one subcommittee
- Significant amount of service hours in activities organized by CM or related to University endeavors
- Attendance at one of our retreats or other spiritual activities
- A letter of recommendation from a parish

Once awarded, the following is required for continued participation:

- Minimum GPA of 3.0 and ACT composite score = 20

Campus Ministry activities are of the greatest importance, nurturing unity as a whole. Due to scheduling conflicts, the requirements can be altered to assist students in finding time to participate in different activities. Campus Ministry is open to working around student schedules.

The Catholic Leadership Award is given at the beginning of each academic year per student request.

At the end of each term, students turn in a log of their activities for review and consideration for next semester's award.
