DETROIT AREA CONSORTIUM OF CATHOLIC COLLEGES

Consortium registration privileges enable a full-time undergraduate student at any of the participating schools to take one or more courses at other consortium schools during the regular academic year. To be eligible, a student must take a total of twelve or more hours, including work taken at another school, and must pay full-time tuition to the home institution.

General Procedures:

1. If a student satisfying the above criteria wishes to take a course at another Consortium school, she should first obtain an official authorization form from her own Registrar, fill it out, and have it validated. She must then present the completed authorization form to the Registrar of the school at which she plans to take the additional work and then follow local registration procedures as explained at that time.
2. Although tuition is to be paid at the home institution, the student must pay special laboratory and/or studio fees, if any, at the time(s) specified by that school.
3. If a student should later find it necessary to drop a course taken on the above basis, she must comply with the deadlines of her home school and must officially inform the Dean of her home school of her decision.
4. The Consortium agreement involves the following schools: Dun Scotus College, Madonna College, Mercy College, Maryglade Seminary, Marygrove College, Sacred Heart Seminary, St. John Seminary, St. Mary's College (Orchard Lake), and the University of Detroit.

NEW POLICIES

Accommodation of Students in the Residence Halls

The following policy has been adopted at the August 1, 1969 meeting of the Board of Trustees, regulating the accommodation of full-time students in the residence halls.

- a. Student dormitories are primarily for full-time Madonna College students and for candidates and members of the Felician Sisters who may be attending Madonna College or other institutions. This is in appreciation for the living endowment the Community has maintained from the earliest beginning of the College--since 1937.
- b. Madonna College students on probation or in the College Opportunity Program with semester hour loads below 12 should be accommodated on the same basis as full-time students.

According to the federal government, students carrying 75% of the full-time load are eligible for Work-Study opportunities. This is supportive to the policy outlined here.

- c. Part-time Madonna College students may be accommodated

on a semester or shorter term basis, only when vacancies occur and with the stipulation that the priorities outlined in (a) will be recognized.

- d. Dormitory accommodations are closed to non-Madonna students except as indicated in (a) and when waived by the action of the College President, Dean of Students, and the Director of Residence.
- e. All residents in student dormitories are subject to the regulations and policies incorporated into the residence handbook and those which are newly formed in accordance with the institutional procedures for policy formulation.

ACT Testing Program

Students who are admitted to Madonna College as freshmen are required to take the ACT Test Battery of the American College Testing Program during their senior year in high school. Other ACT originated tests are not acceptable equivalents. Admitted applicants for whom the Admissions office does not receive ACT Student Profiles will be required to participate in the ACT residual testing program on campus.

Seminar in Group Majors

Students who follow a group major in three areas have an option of registering for the senior seminar.

Professional Programs and Majors

Effective as of fall 1971

Only a grade of C or better is applicable towards a major or a professional program.

COOPERATIVE EDUCATION PROGRAM

Madonna College ^{has introduced} is introducing a cooperative education program of work and service. It is designed to provide students with a more realistic view of the world of business, industry and social service.

With the approval of the Academic Dean, a student may earn credit by planning with her advisor an off-campus experience based on career interest. Placements are made by the College Co-op coordinator in communication with a representative of an agency.
